Sonoma County Economic Development Board

Percentile Earnings for Chefs & Head Cooks

Presented below are the salary ranges for the occupations included in this report. In general, the 25th percentile earnings represent the wage one might expect to receive at an entry level position for a given occupation if they have the appropriate skills, training, and certifications. Wage growth could be expected to follow the path depicted in the graph as the employee successfully completes job training and gains experience in the occupation. A more detailed explanation of percentile earnings can be found here: <https://admin.utep.edu/Default.aspx?tabid=6726>

Appendix A - Data Sources and Calculations

The Sonoma County Economic Development Board (EDB) prepares custom EDB Job Market Tracker Reports to provide insights into current workforce demands of the local economy by analyzing online job posting data and historical job data. Data used to inform the development of this report was collected by the EDB from the data provider Economic Modeling Specialists, Inc. (Emsi), a labor market database that compiles job postings from national, public, and corporate sources. If you have any questions, please contact the EDB at 707-565-7170.

Occupation Data

Emsi occupation employment data are based on final Emsi industry data and final Emsi staffing patterns. Wage estimates are based on Occupational Employment Statistics (QCEW and Non-QCEW Employees classes of worker) and the American Community Survey (Self-Employed and Extended Proprietors). Occupational wage estimates also affected by county-level Emsi earnings by industry.

CareerBuilder/Emsi Job Postings

Job postings are collected from various sources and processed/enriched by Careerbuilder to provide information such as standardized company name, occupation, skills, and geography. Emsi performs additional filtering and processing to improve compatibility with Emsi data.
