

Partnership Funding Opportunity 2023-2024

CTE Foundation Sonoma County

Proposal Details

Proposal Title*

Name of the project for which you are requesting funding.

Character Limit: 100

What is the student need this project/program addresses?*

Describe the needs or challenges your students are experiencing.

>>Do you prefer to provide a video or audio link? Please paste the accessible link here.

If applicable, describe the target population; include appropriate statistical data and any concrete examples you may have.

Our preference is that you center student needs in your statement. For example: In lieu of "We need a work-based learning coordinator," we prefer a statement that is student-focused and data-centered: "X% of our Latinx students report they aren't feeling ready for college and career, and need the opportunity to gain relevant work-based learning experiences."

Character Limit: 1000

Proposed Solution*

What are you proposing to address the need identified? Clearly describe your program/project.

>>Do you prefer to provide a video or audio link? Please paste the accessible link here.

How does your proposed program support your long-term strategy?*

>>Do you prefer to provide a video or audio link? Please paste the accessible link here.

Not all of these strategic elements need to be addressed but if your program does address them, please briefly share with us how/why:

- How is the project/program proposed linked to your school or district's long-term strategy to provide high-quality work-based learning opportunities?
- How is your program linked to CTE pathways/pathway expansion?
- How does your program provide opportunities for students to learn early college credit?

Or - do you have another strategy we need to know about? Please share!
